

# Two Jays Creative Photography Workshops

**Techniques and Transformations  
with Jonathan Harrison and Jan Flamank**

## Autumn Images

Welcome to Two Jays Photography Workshop. We hope that you find all the information you need to have a wonderful day with us.

Jonathan and Jan bring a unique blend of photography and artisan creativity to bring you an exciting and practical experience.

This workshop is ideal for either the beginner or anyone wanting to expand their existing knowledge and learn how to get the most out of their camera's extensive range of automatic settings. Jonathan will show you how to use these settings to ensure your camera takes the best images in a wide range of conditions.

Please bring either a Digital Compact or a Digital SLR camera.

Once we have taken some wonderful images, it is a great shame that most of us do nothing more with them. They often staying hidden away on our computers never to see the light of day again. Jan will show you simple but effective techniques to transform your photographs into beautiful and unique paper based creations for you to display.

Materials will be provided for you on the day.

The Grenoside Reading Room is a beautiful example of a local facility that has undergone a fantastic restoration project to bring it back to community use. The simple school building has recently been sympathetically restored and has all the facilities we need.

**Please bring with you**

**Your camera**

**Fully charged battery with a spare if possible**

**A blank memory card**

**A few small prints of images that you are happy to cut up and yourself !**

**Refreshments will be provided but please bring your own lunch**

If you have any questions or need more information please contact Jonathan and Jan email: [twojays2jj@btinternet.com](mailto:twojays2jj@btinternet.com)
